

The Dog Machine (World of Happy)

The World of Dogs was run with great efficiency. There were machines for every kind of task. And the most brilliant was the one that dealt with all the business that a dog might leave behind. But there are many different kinds of dog and one machine could not accommodate them all. And so begins a story about CELEBRATING OUR DIFFERENCES featuring a boisterous audio soundtrack, voiced by Geoffrey Palmer. World of Happy is a funny and heart-warming new series from Giles Andreae, the bestselling author of Giraffes Can't Dance, Rumble in the Jungle and Captain Flinn and the Pirate Dinosaurs. World of Happy . . . because life is FUN!
