

The Delphi Deception: Book II of the Delphi Trilogy

The gripping Delphi Trilogy continues with Book II, *The Delphi Deception*, plunging readers deeper into a dark world of conspiracy and danger. A desperate teen, a dangerous alliance, an ancient foe. After ten years in hiding 17-year-old Zach made the mistake of returning to his wealthy hometown. He slammed head-on into the conspiracy that killed his parents, drove a childhood friend to suicide, and exploits teens to fulfill an ancient agenda of greed. Zach should have run. But he stayed, and now the consequences are burying him. His blind pursuit of the town's deepest secrets has left him injured and terrified. The answers he's gotten about his true identity are more disturbing than he could have imagined. And his first love, Ashley, is in more danger than ever. Zach's desperate plan to save his crumbling world is derailed by the mysterious man he thought was his ally. Forced to team with Ashley's ambitious sister who'll help for a price, he enters an alliance fraught with deception and betrayal. As the League of Delphi's vicious new security chief closes in on him, Zach is propelled back into the jaws of danger by a cryptic command from beyond this world. Will his misguided mission save Ashley? Or will it get them both killed?
