

# The Youth Leadership Empowerment System

Bryan Berkeley shares mature, thoughtful ideas to inspire teens and young adults to engage in the world in a positive way. He gives insights through personal experiences that any young person can relate to. He became determined in his own life, to be a leader among his peers; and so with planning, determination and hard work, that is exactly what he has done. In this manual on how to become a leader, Bryan sets important themes and illustrates them with stories from his own and others lives. The message is always positive and easy to follow. He shows us all how easy it is to shine in this world and lead others to do the same.
