

The Guardians of Light

Matt Lumen has never known who he was. Its hard to when hes lost every memory except for his name. For almost a year, Matt has gone through life without any clue of who he is or where his family is. But all that changes when he finds out that his past has been searching for him, too. When Matt and his best friend, Chase Falcoon, are attacked by a monster, they soon find themselves meeting Matts family, who tell them that Matt is far more than the average amnesiac. Now as Matt comes to terms with his past, he and his friends, both old and new, must evade a darkness that is determined to capture him.
