

Little Red Hen - Read it yourself with Ladybird: Level 1

Based on the classic fairy tale. Little Red Hen wants help planting and cutting the wheat, grinding the flour and making the bread, but the cat, the rat and the dog refuse to join in - until the bread needs eating! Read it yourself with Ladybird is one of Ladybirds best-selling series. For over thirty five years it has helped young children who are learning to read develop and improve their reading skills. Each Read it yourself book is very carefully written to include many key, high-frequency words that are vital for learning to read, as well as a limited number of story words that are introduced and practised throughout. Simple sentences and frequently repeated words help to build the confidence of beginner readers and the four different levels of books support children all the way from very first reading practice through to independent, fluent reading. Each book has been carefully checked by educational consultants and can be read independently at home or used in a guided reading session at school. Little Red Hen is a Level 1 Read it yourself title, suitable for very early readers who have had some initial reading instruction and are ready to take their first steps in reading real stories. Each story is told very simply, using a small number of frequently repeated words.
