

Muscato Rattuti the Great-or Musky for short-is delighted to have discovered the huge barn with seven sides. Its perfect for storing the Rat Packs treasures from their nightly forays, and the entertainment possibilities of the barn are endless: Its loaded with various and sundry items that the wood rats, flying machines, forest people, musical instruments, photographs, the world geography contingent, and ancient farm tools are inspired to engage in. Musky isnt the only creature vying for use of the barn. Everyone wants to play there! In The Lucky Seven Show-a delightfully illustrated new book, Musky the wood rat and the weathervane horse use their wits to bring about a resolution to the problem, as all seven groups showcasing their talents in the barn at once would cause utter chaos. A positive outcome grows out of generous planning, collaboration, and compromise among the groups-and the final resolution brings happiness to all!
