

Shes an angel with an attitude and shes here to stay! A sweet, funny story perfect for early readers. One night, twins James and Amanda hear what sounds like a wet cabbage hitting the roof. When they investigate, they discover a young girl in a white dress--who happens to have a pair of enormous white wings. Hilary claims that her left wing is broken and that she needs a place to stay. But Hilary and her wings manage to get the twins into more mischief than they ever could have imagined. And who is Hilary, exactly? After all, angels dont have dirty feet, and they definitely dont snore...or do they?
