

# The Perfect Purple Feather

In this unusual picture book, a magical purple feather takes readers on an imaginative journey. As the feather travels through the pages of the book, it becomes a whisker for a cat, a quill for a porcupine, and a tail for a dog. A real purple feather inserted in the back of the book makes the ending especially surprising and satisfying.

Created out of everyday objects such as pickles, forks, buttons, and ice-cream cones, Piven's illustrations will amaze readers young and old.
