

A hilarious new chapter book series about the adventures and misadventures of an after-school magic and mystery club. Remember: Anything can happen when you wave your magic wand! It was not Max's lucky day... then again, it never was. All he wanted to do was pull a fake rabbit out of his magician's hat, but - very much by accident - he made real bunnies appear instead! Now bunnies are poofing up all over school, and the Abracadabra Club is in trouble. Max and his friends Jessica and Quincy love doing magic tricks. But if they can't figure out where the bunnies came from, magic won't be allowed at school anymore. Using a lot of magic, a little skill, and tons of charm, the Abracadabra Club must solve this hopping problem before bunnies take over the school.
