

Sisters are different in so many ways, yet alike in many more. But there is one heartfelt way in which they are most alike--they love each other so very much. David McPhails celebration of the joys--and trials--of sisterhood has been a favorite with sisters of all ages for almost twenty years. Now published in full color for the first time, in its original intimate size, a new generation of sisters will love to read this treasure . . . together. Features a presentation page, a personal touch for gift giving.
