

Fire Boys - The Collection (Childrens fiction) (FIREBOYS Book 1)

Do you have a 6-9 year old in the house who spends too much time on Nintendo? The FIREBOYS could be the answer. Its an exciting, easy-to-read series starring three unlikely characters. Theres Red (the competitive one) Leo (the serious one) and Leo (the loveable idiot). The stories have strong plots, quirky characters and are perfect for kids 6-9 years. Typically this series is reserved for schools only where theyve proved very popular - but the publisher has allowed THE FIREBOYS to be available to everyone. In FIREBOYS - THE COLLECTION you get all of their adventures in one e-book. Includes: FIREBOYS - SAVE THE PETS, SAVE THE SCONES and SAVE THE RACETRACK! The FIREBOYS series is written by bestselling author Justin Brown who has written 25 books, as well as TV shows. He also does a radio show where he gets to meet people like Bieber and the guys from One Direction. Says Justin: The FIREBOYS series was a lot of fun to write. Theyre easy to understand and a good introduction to longer stories. Plus, when youre a kid, its feels great when you actually finish a WHOLE book. Justins latest work is a junior novel called Shot, Boom, Score! It tells the story of Toby Gilligan-Flannigan (what a name right?) whose father sets him an unlikely sporting challenge.
