

The Boulder Brothers: Mo and Jo Out of the Cave (Jump-Into-Chapters)

Praise for The Boulder Brothers: Meet Mo and Jo: Sure to leave young fans demanding more! More Mo! More Jo! Booklist A limited vocabulary, oversized font, and lots of word repetition will quickly build readers confidence, and the goofy mini-plots and earthy humor will have them looking for the sequel. The Bulletin of the Center for Children's Books Cave-boys Mo and Jo are back with more out-of-the-cave, pre-hysterical adventures. They learn to fly (briefly), hunt (kind of), and try to decide which Boulder is the bravest brother (hmm) in this follow-up to The Boulder Brothers: Meet Mo and Jo. The shenanigans of this fun-loving duo will surely delight kids, especially boys. This title is the latest addition to Blue Apples Jump-Into-Chapters series, which are readers created to fill the gap between picture books and text-heavy chapter books.
