

The Cannibal Anaconda

When tasty things start disappearing from the kitchen, this little boy doesn't blame the dog. He doesn't blame an imaginary friend. No, he blames the cannibal anaconda and his band of mutineers with their gribby grabby hands and their ten foot spears . . . With this addictive rhyming tale, G.C. McRae and acclaimed illustrator David Anderson deliver a tour-de-force of silly. Our hero speaks to everyone who has ever been caught red-handed with a can of cherry pie filling.
