

The Knife of Blood

This is an adventure book for young boys aged 7 to 12 years. It is a story where good triumphs over bad. Targonis is a young warrior who has had a mystery past, but all is revealed to him when some bad people come to attack his village. He has recently been given a beautiful jewelled knife, which he now discovers has magical qualities, and thus he is able to help his people overcome their ordeal with the enemy. However, success in life requires more than just magic, it requires good planning, hard work and courage.
