

When I Wished I Was Alone

Be careful what you wish for Sometimes were so mad that we wish everyone would just leave us alone! One night, for a young boy, this wish comes true Waking up on a small floating island, he sees the most amazing things. Rising moons and dancing planets. Dazzling white stars that shimmer into soaring birds before his very eyes! Enchanted by the magic of the skies, the boy begins to wish for something else. He wants to share this beautiful world with his mom and dad and even his little sister! Now, if only he could get back home
