

Your Story Matters

We all have stories. Our big stories reveal the direction of our lives and all the things that inherently make up who we are, our personalities, skills, beliefs, fears, longings and experiences. But life is filled with our little stories as well. The everyday happenings that slip by almost unnoticed. It is the accumulation of our little stories that form our big stories. Here we are molded and prepared for the big things. Do you believe that God is in all your stories? Do you know that your story matters because you matter to Him? Let Him unwrap all you've hidden away, untie what holds you back, discard the unnecessary, keep the treasure, and remodel what is left. Will you allow God the honor to gently unlock your heart, story by story?
